PREKOTE SURFACE PRETREATMENT

PreKote® Surface Pretreatment from Pantheon Chemical, is a non-chromated surface pretreatment utilizing a safe, hazard-free technology that is flying on over 1,500 United States Air Force aircraft. PreKote® offers superior adhesion, improved paint flexibility, and advanced corrosion protection on painted surfaces, relative to traditional chromate and conversion pretreatments (such as alodine). PreKote® has passed stringent testing by the U.S. Department of Defense, the Boeing Company and other coating industry leaders. By eliminating the need for chromated conversion coatings (such as alodine), acid etches, solvent washes and other toxic processes, PreKote® can reduce paint preparation time and costs by up to 40%. PreKote® can be used on a wide range of surfaces including aluminum, steel, magnesium, titanium, CRES, galvanized surfaces, composite and plastic surfaces. Consistent, high performance results are achieved with a variety of paints and primers. PreKote® is non-toxic, non-corrosive, non-flammable, CFC free, ODS free, odor free, and readily biodegradable upon disposal. FEATURES: • Easy & safe process • Quantified superior results • Immediate cost reductions • Reduces hazardous waste • Decreases material, labor, and hazardous handling costs • Results in a high-performing surface finishes • No short and long term health risks.

Size	Part No.	Price
1 Quart	09-00825	**$54.90**
1 Gallon	09-00826	**$117.75**
5 Gallon	09-00827	**$572.00**

Size	Part No.	Price
55 Gallon	09-00828	**$2,239.00**
275 Gallon Tote	09-05539	**$9,931.00**

Prekote Large area repair kit.....P/N 09-00829 .....**$137.80**

PREKOTE WIPES

PreKote® Surface Pretreatment Wipes are a non-chrome surface wipe utilizing a safe, hazard free technology for use in the painting and coating industry. PreKote® single-use application wipes offer improved paint flexibility, and advanced corrosion protection on painted surfaces when used as part of a coating system. Canister of 50 .....P/N 09-05541 .....**$132.75**

ALUMINUM PREPAINT PRODUCTS

ALUMIPREP USED FIRST MAKES THE PAINT FINISH LAST!

Use on unpainted aluminum aircraft, truck trailers, house trailers, boats, garage doors, outdoor furniture, etc.

BONDERITE C-IC 33 AERO – Use to clean, brighten and transform badly corroded aluminum to its natural appearance. Covers 400 sq.ft. per quart. **HAZARDOUS**

FLAMMABLE

Quart .....P/N 09-01621 .....**$31.50**
Gallon .....P/N 09-01620 .....**$60.75**

BONDERITE M-CR 1001 AERO

An invisible coat to provide in-depth corrosion proofing to the brightened aluminum surface and act as a firm barrier against the elements and continued corrosion.
Covers 250 sq.ft. per quart.
Quart.....P/N 09-01628 ..... **$65.75**
Gallon .....P/N 09-01629 ..... **$101.80**

BONDERITE C-IC 79 AERO

A non-flammable multi-purpose phosphoric acid based cleaner and prepaint conditioner for most metals. Leaves the surface chemically clean and corrosion free. Can be used to deep clean and etch a metal surface prior to paint or to prepare a surface for a subsequent chemical coating like that produced by GALVAPREP® SG on zinc and steel or ALODINE® 1201 on aluminum surfaces. **HAZARDOUS**.
Quart .....P/N 09-01625 .....**$45.50**

BONDERITE M-CR 1201 AERO

After precleaning with Alumiprep 33 or Metal Prep 79, rinse with water. Apply Alodine without dilution by brushing or swabbing with sponge. Rinse with water and surface is ready for paint. This is a visible coating which leaves the surface with a golden coloration. The alodized surface provides protection against weather and firmly bonds paint. One quart treats about 100 sq. ft. **HAZARDOUS**.
Quart..... P/N 09-01619 ..... **$50.50**
Gallon ..... P/N 09-01618 ..... **$82.75**

ALODINE TOUCH-N-PREP 1132

Touch-N-Prep Alodine 1132 no-rinse conversion coating effectively phosphates most metals including aluminum, ferrous and galvanized substrates. Doesn't require rinsing, and can be air dried or force dried with hot air or an infra-red lamp. High density acrylic tip of the Touch-N-Prep applicator can be modified with a single edge razor blade to form any shape. The application method controls the amount of coating applied to the surface. Covers 20 sq.ft. .....P/N 09-01630 .....**$230.95**

AKZO FAST DRYING INTERIOR EPOXY PRIMER

AKZO interior epoxy primer #463.12-8 is a chemically cured 2-component epoxy primer designed to provide maximum protection from various chemicals, hydraulic fluids, aviation fuels, hydraulic fluids, and corrosive causing media. Drying time to touch is 15 minutes and to recoat is 1-24 hrs. Shelf life: 2yrs, Color: Green. Used extensively in military and aerospace applications and popular with aircraft builders. Uses 1 gallon of primer and 1 gallon of catalyst.
2 gal. kit .....P/N 09-24735 .....**$506.00**
TR-19 Thinner .....P/N 09-00439 .....**$197.75**

RANDOLPH W-2248 EP-420W EPIBOND EPOXY PRIMER (WHITE)

FLAMMABLE

Epibond Epoxy Primer W2248 is a 3-component primer system for metal surfaces. Off-white in color. An excellent base coat under white or light colored combinations. Kit Contents: • Primer Base • Catalyst • Reducer.

Product	Quart Part No.	Quart Price	Gallon Part No.	Gallon Price
W2248/EP420 Primer White kit	09-00573	**$160.75**	09-00574	**$461.00**
Epoxy White base	09-00564	**$76.95**	09-00565	**$259.95**
Rand E-500 Epoxy Reducer	09-00566	**$28.50**	09-00567	**$92.75**
Product	**Pint Part No.**	**Pint Price**	**Quart Part No.**	**Quart Price**
Rand EP430 Catalyst	09-00570	**$54.99**	09-00571	**$55.75**

RANDOLPH B-6433 RAND-O-PLATE EPOXY PRIMER (DARK GREEN)

FLAMMABLE

This green primer is solvent resistant, anime cured, fast drying, and corrosion inhibiting. Can be applied & cured to temperatures down to 35 F. Mixing ratio is 2 parts base primer 1 part EP-430 Catalyst. Kit Contents: • Primer Base • Catalyst • Reducer.

Product	Quart Part No.	Quart Price	Gallon Part No.	Gallon Price
Rand B6433 Primer Green kit	09-00575	**$160.75**	09-00576	**$461.00**
Epoxy Green base	09-00568	**$76.95**	09-00569	**$259.95**
Rand E-500 Epoxy Reducer	09-00566	**$28.50**	09-00567	**$92.75**
Product	**Pint Part No.**	**Pint Price**	**Quart Part No.**	**Quart Price**
Rand EP430 Catalyst	09-00570	**$54.99**	09-00571	**$55.75**

RANDOLPH EPOXY VARNISH EV-400/EV-410

An excellent clear gloss epoxy varnish for interior and exterior use. It provides superior weather durability and excellent chemical and solvent resistance. Can be used over a one component varnish primer if desired. Mixing ratio is 2 parts base varnish: 1 part EV-410 Catalyst. Order in kits.

FLAMMABLE

Quart Kit (yields 2.5 qts) Incl. EV-410 Catalyst & E-500 Thinner .....P/N 09-00670 .....**$129.75**
Gallon Kit (yields 2.5gal) - Incl. EV-410 Catalyst & E-500 **Thinner** .....P/N 09-00671 .....**$413.00**
Base: Quart .....P/N 09-00666 .....**$72.80**
Gallon .....P/N 09-00667 .....**$223.95**
Catalyst: Pint .....P/N 09-00668 .....**$28.65**
Quart .....P/N 09-00669 .....**$48.99**
E-500 thinner (Reduce 50%)
Quart .....P/N 09-00566 .....**$28.50**
Gallon .....P/N 09-00567 .....**$92.75**

RANDOLPH EPOXY ACCELERATOR EX-501

FLAMMABLE

A chemical curing accelerator for use in W-2248 EP-420W Epibond Epoxy Primer, B-6433 EP-420G Rand-O-Plate Epoxy Primer, and EV-400 Epoxy Varnish according to direction on base component label. Reduces polymerization time, not solvent evaporation. 1/2 Pint.....P/N 09-04650 .....**$29.95**

RANDOLPH C-2210 PAINT SURFACE CLEANER

A mild solvent blend formulated to remove oil, silicone, wax, and other contaminants from all metal surfaces before priming. Also removed tape gum from painted surfaces and acrylic windshield materials.
Quart.....P/N 09-40810 .....**$24.80**
Gallon .....P/N 09-40820 .....**$68.75**

BONDERITE M-CR 871 AERO

BONDERITE® M-CR 871 (known as ALODINE 871 TOUCH-N-PREP) Coating is a non-hexavalent chromium dry-inplace conversion coating designed for use on aluminum and its alloys. The applicator used to deliver this product provides an easy and safe method of repairing bare areas of aluminum surfaces.....P/N 09-05780 .....**$205.95**
