12248	6	12248-AA-S5	2	SCC015-AA-S2	4	7	6
24041	6	24041-AA-S2	2	SCC005-AA-S5	2	8	7
36271	6	24041-AA-S3	2	SCC015-AA-S5	4		

WARNING: ALL batteries MUST be CHARGED INDIVIDUALLY and properly tested to ensure they are in good condition (no dead-dying cells or excessive sulfation) before using this 210AY battery connector to maintain them in multiples. Only healthy, fully desulfated batteries should ever be MAINTAINED in sets of 2 or more.

Note: 12 ft. (BatteryMINDer DCE12) and 25 ft. (BatteryMINDer DCE25) Extension Cables available. See our website for product details.

*Use Only on Chargers Designed to Maintain Multiple Batteries.
