Silver Hawk EX Fuel Injection System

PRECISION
AIRMOTIVE LLC
Engineered with Precision

The **Silver Hawk EX**, non-certified Fuel Injection System is proven technology drawn from decades of fuel metering engineering by **Precision Airmotive**. Manufactured as experimental, the new Silver Hawk kit provides experimental pilots with precise, dependable, and reliable fuel metering. Just what you'd expect from Precision Airmotive. At a price that will make you soar.

Manufactured using the **highest quality** materials and components, the Silver Hawk EX features a machined finish with clear coat anodize.

Designed for all major engine manufacturer applications:

*Lycoming 320, 360, & 540 series
Continental 470 series
Superior
and others*

- ▶ Specifically engineered and built to meet the demands of aviations growing **Experimental segment**
- ▶ Precision Airmotive appointed worldwide network of **factory authorized** product support centers
- ▶ Backed by a **Precision** warranty program

*"During competition, I give it my all, and I demand the same from my engine. I know that through high 'G' maneuvers and extreme operating conditions during the heat of battle, one thing is for sure, Precision performs."
- Kirby Chambliss*
