TEKTON ADJUSTABLE WRENCH

Tekton Adjustable Wrench - 1-1/2 Inch Jaw Capacity. 1-1/2 Inch Jaw Capacity. The adjustable wrench has a 0 to 1-1/2 inch (0 to 38 mm) jaw capacity with high-contrast, laser-engraved scales. Smooth, Fine-Pitch Worm Gear. The fine pitch and tight fit between the worm gear and the teeth prevent the jaw from sliding open during use and allow for smoother, more precise adjustments.

6 Inch Adjustable Wrench WSA04122 P/N 12-06824

9 Inch Adjustable Wrench WSA04222 P/N 12-06825

TEKTON 1/4 INCH BIT DRIVER AND BIT SET WITH CASE (37-PIECE)

S2 Steel Bits. Extra Length - While standard bits are 25 mm long, every bit in this set is 30 mm long to improve your access to recessed fasteners. Corrosion Resistant. The bits are made of S2 steel heat-treated to HRC 58-62. They're coated with a zinc-phosphate coating that resists corrosion.

TEKTON STUBBY COMBINATION WRENCH SET

Tekton Adjustable Wrench - 1-1/2 Inch Jaw Capacity. 1-1/2 Inch Jaw Capacity. The adjustable wrench has a 0 to 1-1/2 inch (0 to 38 mm) jaw capacity with high-contrast, laser-engraved scales. Smooth, Fine-Pitch Worm Gear. The fine pitch and tight fit between the worm gear and the teeth prevent the jaw from sliding open during use and allow for smoother, more precise adjustments.

11-Piece (1/4-3/4 In.) WCB92401 P/N 12-06808

14-Piece (6-19 Mm) WCB92402 P/N 12-06809

TEKTON 3/8 INCH DRIVE CROWFOOT WRENCH SET

Tekton Adjustable Wrench - 1-1/2 Inch Jaw Capacity. The Ultimate Access Tool Fits Where Others Can't. Easy One-Handed Wrench Removal - The wrenches rest in size-marked slots, making it easy to take the tools in and out without resistance. Portable Rack - A narrow lip along the edge of the rack makes it easy to pick up and carry the wrenches to your work piece. Compact Footprint Saves Drawer Space. Durable Single-Piece Polypropylene Construction.

13-Piece (5/16-1 In.) WCF95101 P/N 12-06815

17-Piece (8-24 Mm) WCF95201 P/N 12-06816

TEKTON ANGLE HEAD OPEN END WRENCH SET

Organization Rack - Fits in 2.9in Drawers Organization Pouch - Ideal for On-the-Go - Carry angle head wrenches anywhere with the compact roll-up pouch that keeps wrenches well-packed and unable to slide out. - Durable Material - The polyurethane-backed 600 x 600 denier polyester is both abrasion and tear resistant, and has a Durable Water Repellent (DWR) coating. - Easy-Access Design - The pouch design minimizes bulk from extra material so the wrenches can be quickly accessed without any fabric flaps getting in the way.

Holder 11-Piece (3/8-1 In.) WAE91204 P/N 12-06799

Pouch 11-Piece (3/8-1 In.) WAE91402 P/N 12-06801

Holder 16-Piece (10-27 Mm) WAE92204 P/N 12-06802

TEKTON GROOVE JOINT PLIERS

Sharp teeth on each jaw are angled to work with the direction of operation, creating a high-leverage nonslip bite like a pipe wrench. Fully undercut and interlocking tongue and grooves won't slip or separate under high stress, providing superior joint strength and stability. A nut and bolt fastener allows the operating tension to be adjusted if needed, and unlike permanent rivets it can be used to re-calibrate and maintain performance throughout service life. A broad, rounded handle profile distributes force evenly across your hand to reduce stress and pressure. Slim, nonslip grips add cushion and comfort without adding bulk.

7 Inch (1 In. Jaw Capacity) 37523 P/N 12-06659

10 Inch (1-1/2 In. Jaw Capacity) 37524 P/N 12-06660

16 Inch (4-1/4 In. Jaw Capacity) 37526 P/N 12-06661

TEKTON 7 INCH DIAGONAL CUTTING PLIERS

Blades are finely beveled and induction-hardened to 58-64 HRC to produce a refined semi-flush cut. The 82-degree angle allows for a strong yet sharp blade for a smooth clean cut. Wide, flat handles with slim, nonslip grips provide comfortable fingertip control

P/N 12-06691

TEKTON 6 INCH 70-DEGREE LONG NOSE PLIERS

Long, tapered nose with fine tip is bent to 70 degrees to reach around obstructions. Crosscut teeth distribute force evenly for a sure grip in any direction. Teeth are cut along the full length of jaw, not just at the tip, maximizing useful contact area. Wide, flat handles with slim, nonslip grips provide comfortable fingertip control
