REDLINE SIDEWINDER POWER DRIVER

The Sidewinder is the ultimate portable solution for moving your aircraft—powerful, lightweight, and built to last. Each unit includes a battery and charger, so you're ready to go right out of the box. Extra batteries are available for purchase if desired, though not required. For international customers, 220V chargers are available (Europe, Australia, etc.), while a 110V charger comes standard. Now upgraded to Milwaukee's M18 line of lithium-ion batteries, the Sidewinder delivers more power, longer run time, and faster charging than ever before. This ensures reliable performance when you need it most. Lightweight & Portable – Under 22 lbs, collapses to 27 inches, and stows easily in your baggage compartment. Durable Construction – Made in the USA from premium 4130 Chromoly steel for unmatched strength and longevity. Power You Can Trust – Backed by Milwaukee's latest M18 battery technology, giving you more towing capability in a compact package. With the Sidewinder, aircraft towing has never been easier. Carrying Case is sold separately. See Accessories.

REDLINE ST-1 TOWBARS

If you own models 33, 35 or 55, the ST-1 is the least expensive, most versatile option for hand or vehicle towing. With an overall length of 38.5" and 3 pound 8 ounce weight, it fits neatly on the floor of your baggage compartment. This is our recommended tow bar for the STIFFY. For attachment to a golf cart, tractor or other powered vehicle, please use the ST-1 Vehicle Adaptor. Length is 38.5" and weighs 3 pounds 8 ounces. Made in the USA using 4130 Chromoly material.
