## FLIGHT OUTFITTERS LIFT MINI 2.0 FLIGHT BAG

We've taken everything pilots loved about the classic Lift Flight Bag and boiled it down to just what you really need. The Lift Mini 2.0 boasts a sleek, modern design crafted with updated materials. Don't let its compact size fool you—the Lift Mini 2.0 is a powerhouse of functionality. It offers easy access to multiple compartments, including a headset section, a main pocket for items up to an iPad mini in size, and ample storage for all your essential accessories. P/N 13-25704

## FLIGHT OUTFITTERS CREW DUFFEL BAG

The Flight Outfitters Crew Duffel Bag is the Swiss Army knife of flight bags. This multi-functional duffel bag is designed to meet the needs of modern travelers, offering a solution for streamlined travel and daily convenience whether you're in the front of the plane or the back. Even if you're not flying (the horror!), the Crew Duffel Bag is perfect for the gym or a weekend road trip. The interior of the Crew Duffel features a padded tablet pocket, two internal slash pockets, and one internal zip pocket, providing ample space for your essentials. With easy-access front and side pockets and small item organization compartments, this bag is perfect for storing everything from your Bose headset and logbook to clothes for an overnight trip. And everything stays organized. P/N 13-25618

## FLIGHT OUTFITTERS LIFT XL FLIGHT BAG

The Lift XL is a larger version of the top-rated Lift Bag, adding more room for storage (ex. two headsets, not included) and more organization options, all while retaining the signature design features that make Flight Outfitters bags so useful in the cockpit. For professional pilots who prefer an understated, all-black look, the Lift XL Pro is ideal. Features a solid black exterior but with the signature orange interior so items are easy to find in the dark. Slides over your rolling luggage for easy transport. **Specifications:** • Weight (empty): 2 lbs. • External: 18" w x 10.5" h x 9" d • Main Internal Pockets (front to back) P/N 13-22020

## FLIGHT OUTFITTERS LIFT 2.0 FLIGHT BAG

The Lift Flight Bag's compact size remains perfect for the modern-day pilot. It provides easy access to multiple compartments, a padded headset section, a dedicated iPad pocket, and ample storage for cords, backup batteries, and ADS-B receivers. While maintaining a similar silhouette to the original Lift Flight Bag, the new Lift features updated material choices and styling to give it a sleek look. Like a modern muscle car, this new bag includes the latest technology but with a few design cues from the original. P/N 13-25616

## FLIGHT OUTFITTERS BUSH PILOT BAG

The Bush Pilot bag is canvas with leather accents, and carries an embossed leather flight outfitters patch on the front. The inside of the Flight Level has the signature Flight Outfitters orange, making it easy to find gear in a dark cockpit. There are two large padded side pockets for headsets. The large front zip pocket has 4 organization pockets, for chargers and other smaller items that tend to find their way to the bottom of other bags. The Bush Pilot Bag also features a pass through strap on the back to slide over rolling luggage handles and a leather shoulder strap pad P/N 13-19105

## FLIGHT OUTFITTERS CORD ORGANIZER

Say goodbye to cockpit clutter and tangled wires. The Flight Outfitters Cord Organizer is a handy new gear pouch designed to keep all your charging cables and electronic accessories neat, organized, and ready for action. Features multiple pockets and elastic loops sized for common pilot tech essentials. Fits easily in any flight bag or backpack – no more fishing around the bottom of your bag or dealing with knotted cords when you need to charge your iPad or GPS in a hurry. With a high-visibility interior (so it's easy to spot small items) and a tough exterior built to handle life on the go, the Flight Outfitters Cord Organizer ensures your chargers and adapters are always protected and in one place. P/N 13-26027

**FLIGHT OUTFITTERS FLIGHT CART** - One of a kind patented design and function makes sure the Model 700 lives up to its moniker. An impressive 400lb capacity and generous loading tray (16" w x 13.5" d) allows you to move anything from presentation and display equipment to a washer/dryer. Easy single-motion squeeze handle telescopes the cart open and closed. Sleek design and limited lifetime warranty put the Super Cart in a league of its own P/N 13-19651

## FLIGHT OUTFITTERS THRUST 2.0 SLING PACK

The new Thrust 2.0 stays true to that legacy: it's still one of the smallest, most cockpit-friendly flight bags you can buy, yet it protects and organizes an impressive amount of gear. A dedicated padded pocket safeguards your iPad or tablet, and a protected compartment holds your headset – keeping your most expensive equipment secure. Numerous interior mesh pockets and elastic organizers have been added to tame charging cables, batteries, and other accessories, so no more tangled cords or lost chargers in flight. Improved carry handle and an adjustable padded shoulder strap provide all-day comfort, whether you sling it over your left or right shoulder. Compact enough to stow between the seats of a small plane yet roomy enough for all your essentials, the Thrust 2.0 Sling Pack is the ultimate grab-and-go bag – a classic reborn for the modern pilot. P/N 13-26026

## FLIGHT OUTFITTERS BUSH PILOT FOLIO BAG

Whether you're soaring above the clouds in your Cirrus or closing a big deal in your desk chair, this Folio Bag looks like it just left the flight deck of a DC-3. But while the Bush Pilot Folio has plenty of style, it's also a very practical bag, storing a surprising amount of gear without looking bulky or weighing you down. It has separate pockets for your tablet and laptop, plus a large center compartment and plenty of exterior pockets. You can keep everything separated but easy to find. For further utility, the Folio Bag has a rear strap to securely attach it to your roll-aboard. P/N 13-20713

## FLIGHT OUTFITTERS AVIATOR BACKPACK

The Aviator Backpack features a popular slash pocket from the Lift Bag on the front for quick access. It also includes modernized water bottle/radio compartments on the side, plus dedicated spaces for fuel testers and pens. The front compartment boasts nine different organization pockets, providing ample space for all your essentials. Inside the main pocket, you'll find one large zip pocket, two smaller slash pockets for cables and wires, and a headset hanger to protect your investment. The rear pocket offers even more organization with two slash pockets, one zippered pocket, and a padded laptop sleeve with a velcro closure. P/N 13-25617

## FLIGHT OUTFITTERS SANDBAR TOTES

A beach tote with a headset hanger? Whether you're headed to the beach, the office, or the cockpit for a cross-country trip, this stylish Flight Outfitters Sandbar Tote will store everything you need. This isn't your typical everyday tote bag. This tote has been designed with the pilot in mind. Whether you're piloting or co-piloting your own adventure, this tote will let others know you are serious about aviation. From the prop blade design on the front to the aviation-themed interior, this tote will serve you well in your travels. Large enough for a weekend getaway, you can haul what you need easily in the spacious interior compartment. Padded sleeve safely secures your iPad or laptop while a zippered interior pocket organizes your smaller items like charging cables and your wallet. **Specifications:** • Bottom Width: 21" across top; 15" across bottom • Depth: 4.25" • Height: 17" • Handle Length: 12" Grey P/N 13-24533 Orange P/N 13-24534

## FLIGHT OUTFITTERS SHORT FINAL COMBO KIT

Compact, essential, always within reach. The Short Final Combo Kit pairs a slim folding knife with a carabiner multi-tool - two tools ready for whatever you encounter on your journey. The multi-tool clips easily onto any Flight Outfitters bag and offers screwdrivers, a ruler, and quick access features. The lightweight knife matches the Lift line styling and is sharp enough for daily tasks in the cockpit, the hangar, or out in the backcountry. P/N 13-26331

## FLIGHT OUTFITTERS FLIGHT DECK PRO BAG

Ready for flight-level performance from your flight bag? Introducing the Flight Deck Pro from Flight Outfitters. It's the perfect solution for pilots who are tired of struggling with clunky bags or cheap alternatives. Stylish yet practical – and ready to hang from your suitcase's J-hook – the Flight Deck Pro features 30 pockets to protect your essential gear. With a mix of quick-access elastic pouches and secure-zip pockets, it's easy to organize your headset, iPad, flashlight, pens, and all your must-have items. The well-planned layout ensures that all your gear is easily accessible in flight, and the classic black style meets airline uniforms policies. P/N 13-25831
