

PILOT FLASHLIGHTS

SUREFIRE G2X™ PRO

 A polymer-body version of the 6PX Pro, uses a high-efficiency LED—virtually immune to failure since there's no filament to burn out or break—that provides two light output levels: a brilliant, penetrating, perfectly pre-focused 200-lumen beam, and a 15-lumen low-output setting that lets you greatly extend the runtime per set of batteries, an invaluable option when you find yourself miles from civilization. Press the tailcap switch for momentary-on low, press further to click constant-on low, return to off and press or click on again within two seconds for high. A polycarbonate micro-textured reflector delivers a comparatively wider beam with generous peripheral light P/N 13-10290

SUREFIRE G2Z-MV COMBATLIGHT® FLASHLIGHT

 SureFire's single-output G2Z™ Combatlight® with Max Vision™ flashlight—designed and built specifically for tactical use—features a proprietary reflector that shapes the high-output LED's 650 lumens of light into a wide, useful MaxVision Beam™ optimized for your field of vision. With its designed 14 mm bezel, the compact G2Z is even shorter and lighter in weight than its predecessor, generates nearly twice the output, and has all of the same features for outstanding tactical performance. P/N 13-20653

SUREFIRE LITHIUM BATTERIES

 Optimized for use in SureFire flashlights, SureFire lithium batteries pack a lot of power into a small package. And unlike some other batteries SureFire high-performance lithium batteries boast a ten-year shelf life, which means they will be ready when you need them, every time. For all SureFire Lithium battery powered lights.
12 Pack P/N 13-18714
2 Pack P/N 13-18715

SEE WWW.AIRCRAFTSPRUCE.COM FOR A COMPLETE SELECTION OF SUREFIRE FLASHLIGHTS.

AVEO THE AVIATOR FLASHLIGHT

 World-Class Aveo™ circuitry. Ni-MH rechargeable batteries. Fixed 25° Lens. Single color light (White). Steady, strobe and SOS function. Dimming – Stepless slide-switch 0-100%. Charge level indicator on the flashlight. DO-160G Environmentally qualified. Anodized aluminum construction. Black anodizing color. IP68 Waterproofness. DC Battery charger included. Charging/Mounting cradle option (not included). Low EMI, low self-discharge, overheat protected. Private logo/label available P/N 11-15181

FLIGHTLIGHT™ - PILOT FLASHLIGHT

 A flashlight is a must have for every pilot's flight bag. In or out of the cockpit, this conveniently sized, long lasting, and durable flashlight serves as a great pilot companion. This 3-in-one LED flashlight toggles between red, green, or white depending on your cockpit needs. With an LED life of 100,000 hours, the included alkaline batteries can keep this flashlight illuminated for up to 17 hours in "red" mode and 14 hours in "white". P/N 13-01067

WORKBRIGHT INSPECTION LIGHT

 This shop light is perfect for places that a flashlight can't quite illuminate properly. It was originally designed as an inspection light, but has many other uses as well. It is powered through a USB connector, and can be used with a battery pack, wall adapter, computer, etc.
Features: • USB Powered, 250mA (1.25W) • 140 lm • Color Temp: 5000 K • CRI: 80 • Cable Length: 6.5' • Outer Dimensions: 2.5" x 3" x 1" • Meets FCC Class B Requirements • Velcro Cable Tie Included • IP20 (not fluid or dust proof) • Compatible with UD1 Controller. P/N 12-04780

NEBO MYPAL PERSONAL ALARM AND LIGHT

 The first NEBO flashlight designed just for women is the MYPAL, a rechargeable personal alarm and light. The various light modes make the MYPAL perfect for any task at hand, and the 400 lumen TURBO mode can light up any space. The MYPAL also features an ear-piercing, 115dB safety alarm and distress strobe to provide safety right at your fingertips. The MYPAL's compact size fits perfectly in a purse or on a key chain.
* 2 Assorted Colors (Black, Pink)
* Nebo MYCRO Pocket Light color is shipped randomly. P/N 13-22458

SUREFIRE AVIATOR®

DUAL-OUTPUT LED FLASHLIGHT

 The ultra-compact, dual-output Aviator reinvents a classic SureFire design to provide a primary white LED and secondary colored LED in one sealed head, both focused into a useful beam with ample reach and surround light by a proprietary Total Internal Reflection (TIR) lens. Pull and twist Aviator's self-locking selector ring to set it to white or colored light, no filter required. Red Light P/N 13-20655

SUREFIRE FURY-DFT FLASHLIGHT

 The "DFT" stands for dual fuel tactical, and represents the natural evolution of the best-selling Fury™ Tactical flashlight into a single-output 1,500* lumen light that can also function as a searchlight. The dual fuel feature means the light can be powered by either two 123A lithium batteries or a single economical 18650 lithium-ion rechargeable battery. The high-strength aerospace aluminum body and tailcap are knurled for a secure grip and Mil-Spec hard anodized for extreme resistance to abrasion and corrosion P/N 13-21609

SUREFIRE MINIMUS™ HEADLAMP

 The model that launched SureFire headlamps into best-in-class status. Minimus provides the right amount of light—13 preset outputs up to a max of 300 lumens—precisely where you need it, thanks to its adjustable output knob and rotatable LED housing P/N 13-20659

SUREFIRE MAXIMUS™ HEADLAMP

 The SureFire Maximus™ rechargeable variable-output LED headlamp delivers an amazing 1,000 lumens of light—enough to illuminate your entire campsite. If that's too much light, you can dial it down to 1 lumen—or any level in between—for closer work, preserving your dark-adapted vision, or extending the runtime. A large knurled dial permits output control with one hand—even if it's gloved or numbed by cold. One hand can also aim the light right where you want it since the light assembly rotates up and down 90 degrees P/N 13-20660

TITAN® PLUS ULTRA-COMPACT DUAL-OUTPUT LED KEYCHAIN LIGHT

 The refined, ultra-compact Titan® Plus builds upon groundbreaking Titan, the world's first professional-grade keychain flashlight, by adding several useful "pluses," including more than twice the maximum output—300 lumens of flawless white light! Its high-performance LED also generates two other useful light levels with a simple twist of the head switch: 75 lumens at its medium setting and 15 lumens on low. No matter which output level you select, proprietary faceted reflector shapes the LED's light into wide, smooth MaxVision Beam™. And, because there are no intense hot spots and it's optimized for your field of view, you see things clearly and maintain good situational awareness—crucial for closer-range tasks and safe navigation P/N 13-22301

BITE-A-LITE FLASHLIGHT MOUTHPIECE

 A clever mouthpiece for comfortably holding a flashlight with your teeth. Fits most "AA" or "AAA" size quality aluminum flashlights. Note: flashlight not included. This is the mouth piece only.
AA Flashlight Holder: .465" ID
AAA Flashlight Holder: .675" ID
Size AA P/N 14-00020
Size AAA P/N 14-03292

FLIGHT OUTFITTERS HORIZON HEADLAMP

 Based on our original headlamp, the Horizon Headlamp has an improved comfort fit band and a strengthened hinge mechanism. Flying at night can be a daunting task. Having both hands free to handle the workload during these tense situations is extremely important. This dual color headlamp puts the right type of light right where you need it without tying up your hands. Dual switches allow you to turn on just the white light, or just the red light. This means you don't have to scroll through different lights and ruin your night vision. Each color of light has a high and low setting to maximize battery life. Uses 3AAA batteries (included). **Features:** • White LED flood light for preflight • Red LEDs to preserve night vision • Focusing white flood light • Pivoting attachment point • Elastic band P/N 13-25486
