

MECHANICS DOLLIES – STEP STOOLS

AEROCREEPER - ADJUSTABLE CREEPER

Caster options include: • Standard 3" x 13/16" Hard Rubber • recommended for most uses on smooth cement floors • 120 lb dynamic load per caster • keeps the creeper low for low working positions • smooth operation • Heavy Duty polyurethane casters • More resistant to embedding metal chips & rivets • 250 lb dynamic load per caster • 1-3/16" wide tread helps rolling on rough surfaces • Available in 3 diameters • 3" - Usually the best choice - keeps creeper low for low work • 4" - better for rolling on rough surfaces but raises creeper 1-5/8" so it's not

as good for low work • 5" - better for rolling on rough surfaces but raises creeper 2-5/8" so it's not as good for low work • Locking Casters • Prevents rolling • Installed on front two casters

Features: • Multi-level creeper with 10 quick adjustable heights • Great for working under planes and other equipment • Heavy Duty • Holds over 350 lbs. • Made in the USA

Specifications: • Shipping Weight: 49 lb • Box Dimensions: 57" x 24" x 8" • Creeper Weight: 43 lb • Dimensions in lowest position: 53"x18-1/2"x5-1/4" • Seat height: 5-1/4" to 20-3/4" • Approximate shoulder height when on creeper: 5-1/4" to 40" • (The shoulder height dimension more accurately explains the range of work you can do with your hands. This allows you to comfortably work on surfaces up to 5 or 6 feet depending on how tall you are.)

AEROCREEPER - POWER-LIFT 18V

The Power-Lift 18V AeroCreeper operates with the commonly used 18-Volt Milwaukee tool battery. The linear screw actuator will take you from a seated position to a laying down position and all the way back up. **Features:** • Weight Capacity 350 lbs. • Wide seat for all day comfort • Tool tray and headrest included. • Heavy-duty 4-inch casters built to last • Locks on front casters • Adjustable tipping seat (Adjusts automatically as you go up and down) to support you from sliding out and

saves your lower back • Two Hand Safety Switch (to prevent unintentional movement) • Operates with Milwaukee 18V battery • Can purchase with batteries included or choose to use your own. If purchasing creeper with batteries included comes with: • Battery option includes 2 XC5.0 Ah Battery Packs and Multi-Voltage Charger

18V - 1 (Without Batteries And Charger)	13-26436	.
18V - 2 (With 2 Batteries And A Charger)	13-26437	.

EZ CREEPER - HYDRAULIC CREEPER

The Ez Creeper Model H is a hand-powered hydraulic aviation creeper that combines durability, precision, and ergonomics, allowing technicians to work safely under aircraft with minimal strain. The Model H Hydraulic Aviation Creeper is designed for aviation technicians who demand comfort, efficiency, and portability. Unlike other creepers, it features a hand-powered hydraulic pump, allowing smooth, light-touch adjustments without relying on

electricity or batteries. Constructed from lightweight aluminum, it's easy to transport between work areas while remaining durable enough for frequent use. Its ergonomic, low-profile design improves maneuverability in tight spaces, while cushioned support and optimized leverage reduce strain during long maintenance tasks. The Model H enhances workflow, safety, and comfort in any aviation workshop. Upgrade your aviation workshop with the Model H Hydraulic Aviation Creeper – lightweight, hand-powered, and designed for professional technicians.

RED VIPER AIRPLANE POSITIONER

Own a small airplane? Having trouble positioning it around in your hangar, garage, etc.? Try RED VIPER Positioners™ they really work! Will hold up to 6000 lbs on a 3 tire airplane. Extremely LOW to the ground (only 1/2 inches ground to dolly) so wheel assembly clearance & tire fenders are never an issue. The side panels are only 3 1/2 inches height. Supports tire thicknesses up to 9 inch & wheel diameter up to 26 inches. Just roll your airplane onto dollies & glide 360 degrees effortlessly.
